Insurance

Filing of an insurance claim is a courtesy we gladly extend to our patients. We will do our best to help you get proper insurance benefits applied. As the third party, we must emphasize that our relationship is with you, our patient, not the insurance company.

Our patients, who are fortunate enough to have dental insurance to help with their care, will be asked to pay their estimated portion at the time of treatment. If your insurance has not paid within 60 days, your account balance will be charged to your credit card on file. We cannot be responsible for what your insurance finally covers. It is your responsibility to follow up with your insurance company and know the limitations of your benefit plan.
